

Emergency Vehicle Driver Training

Lesson 1 11:15

Trooper Richard Vasser of the Texas Department of Public Safety conducts the first of a two-lesson series on safe driving techniques for the emergency responder. This lesson takes place in the classroom covering such issues as the role of physics in driving, the options available to drivers on the road, various braking and steering techniques, and related topics.

Lesson 2 9:31

Trooper Richard Vasser of the Texas Department of Public Safety concludes our two-lesson training on safe driving techniques for the emergency responder by demonstrating on-the-road techniques discussed in Lesson 1. These include appropriate steering, turning, and stopping techniques.
